This footer must be available across:

- Student homepage and student pages
- Teacher homepage and teacher pages
- Institution homepage and institution pages
- Product pages
- Resource pages
- Company pages
- Sign-in and registration pages, where appropriate

The footer should contain:

1. Classess.com® brand positioning
2. Role-specific quick links
3. Platform links
4. Classess® ecosystem products
5. Company information
6. Resources and support
7. Trust, privacy, and legal links
8. Contact and social links
9. Copyright and company information

All text written inside square brackets is an internal instruction and must not appear on the live website.

Footer Structure

[DEVELOPER IMPLEMENTATION NOTE — DO NOT DISPLAY]

Recommended desktop structure:

- Footer introduction and call to action

- Six link columns
- Trust and legal bar
- Copyright bar

Recommended mobile structure:

- Brand introduction
- Primary call to action
- Accordion link groups
- Social links
- Legal links
- Copyright information

Do not display every footer link as one continuous list on mobile.

Important Publishing Rules

[INTERNAL INSTRUCTION — DO NOT DISPLAY]

1. Do not display text written inside square brackets.
2. Keep the footer consistent across the website.
3. Only the “Explore Your Experience” column and primary CTA should change by stakeholder.
4. Use the full stakeholder names: Student, Teacher, and Institution.
5. Do not use abbreviations such as STU, TEA, or INST in visible website content.
6. Do not publish product links before their pages are ready.
7. Use feature flags for upcoming ecosystem products.
8. Do not create broken or empty links.
9. Do not publish unsupported claims, partnerships, certifications, or integration logos.
10. Keep privacy, safety, and legal links clearly accessible.
11. Ensure all footer links are keyboard accessible.
12. Use proper focus states and accessible colour contrast.
13. Avoid placing important text inside images.
14. Ensure the footer works correctly on desktop, tablet, and mobile.
15. Track footer-link usage through website analytics.
16. Maintain one central sitemap so footer links remain consistent.
17. Review the footer whenever a new Classess® product is launched.

18. Keep legal documents version-controlled and date-stamped.
19. Do not expose unpublished product information to search engines.
20. Do not allow the footer to become a complete product handbook.
