

Classess.com® — Independent Student Homepage

[DEVELOPER NOTE — DO NOT DISPLAY]

This content should appear after the visitor selects **"I am a Student"** in the main hero section.

Do not display section numbers, labels such as "Outcome," "Track," "Website Copy," or any text written inside square brackets.

Student Navigation

[DEVELOPER NOTE — DO NOT DISPLAY]

Show a simple student-specific navigation bar.

[WEBSITE NAVIGATION]

Student Hero

[WEBSITE HEADING]

Stop studying without direction.

[WEBSITE COPY]

Classess.com® creates a personalised learning path based on your subjects, academic level, goals, and progress—so you always know what to learn, where you need support, and what to do next.

[PRIMARY BUTTON]

Start My Learning Path

[SECONDARY BUTTON]

See How It Works

[SUPPORTING LINE]

Learning works best when it feels like it was built for you.

[VISUAL DIRECTION — DO NOT DISPLAY]

Show a clean student dashboard preview with only four items:

- Today's learning goal
- Recommended concept
- Recommended practice
- Examination readiness

Avoid showing a large or complicated dashboard in the hero section.

Student Transformation

[WEBSITE HEADING]

From unstructured studying to a clear path forward.

[WEBSITE COPY]

Studying independently should not mean figuring out everything alone. Classess.com® connects learning, practice, feedback, revision, and examination preparation into one guided journey.

[VISIBLE JOURNEY]

Understand → Practise → Improve → Prepare → Progress

[CARD TITLE]

Know what to learn

[CARD COPY]

Receive a structured learning path based on your course, academic level, selected subjects, and examination goals.

[CARD TITLE]

Understand where you need help

[CARD COPY]

See the topics you understand, the concepts that need attention, and the mistakes that are holding you back.

[CARD TITLE]

Know what to do next

[CARD COPY]

Get a clear recommendation for the next concept, practice activity, revision task, or assessment.

[VISUAL DIRECTION — DO NOT DISPLAY]

Present these as three cards or three steps. Do not use a long paragraph layout.

Concept Understanding

[WEBSITE HEADING]

Difficult concepts can become easier to understand.

[WEBSITE COPY]

Classess.com® breaks large topics into smaller learning steps and helps you explore them through clear explanations, examples, videos, voice support, and read-aloud content.

Ask questions, request a simpler explanation, or explore another example until the concept becomes clear.

[VISIBLE BENEFIT POINTS]

- Understand concepts instead of only memorising answers
- Learn difficult topics in smaller, manageable steps
- Ask questions using text or voice

- Revisit explanations whenever required
- Build confidence before moving to the next topic

[BUTTON]

Start Learning a Concept

[VISUAL DIRECTION — DO NOT DISPLAY]

Show one concept being explained in three possible ways:

- Simple explanation
- Real-life example
- Worked or visual example

Do not display a full list of every learning feature.

Purposeful Practice

[WEBSITE HEADING]

Do not just practise more. Practise what matters.

[WEBSITE COPY]

Classess.com® recommends practice based on what you are learning, how you have performed, and where you need improvement.

Use quizzes, flashcards, reasoning exercises, concept matching, written responses, self-tests, and gamified challenges to strengthen understanding in different ways.

[CARD TITLE]

Strengthen recall

[CARD COPY]

Remember important concepts, terms, formulas, and relationships more effectively.

[CARD TITLE]

Apply what you learn

[CARD COPY]

Move beyond recognition by answering application-based and reasoning questions.

[CARD TITLE]

Build long-term retention

[CARD COPY]

Revisit important topics at the right time instead of relying only on last-minute revision.

[HIGHLIGHT LINE]

Every practice activity should move you closer to mastery.

[BUTTON]

Explore Practice Activities

[VISUAL DIRECTION — DO NOT DISPLAY]

Show a recommendation card such as:

“You understand the concept. Now strengthen application.”

Recommended activity: Application Challenge

Learning Gaps and Examination Preparation

[WEBSITE HEADING]

Find your learning gaps before the examination finds them.

[WEBSITE COPY]

A score only shows how you performed. Classess.com® helps you understand why.

After practice and assessments, you can see which concepts are clear, which mistakes are repeating, what you left unattempted, and what needs further revision.

[VISIBLE INSIGHT POINTS]

- Concepts you have understood
- Questions you found difficult
- Mistakes that are repeating
- Topics requiring revision
- Skills that need more practice
- Recommended next actions

[WEBSITE HEADING — SUBSECTION]

Turn your examination date into a practical study plan.

[WEBSITE COPY]

Add your examination date, subjects, syllabus, and available study time. Classess.com® creates a preparation plan that balances learning, practice, revision, self-testing, and weak-topic improvement.

[VISIBLE BENEFIT POINTS]

- Know what to study each day
- Complete the syllabus more systematically
- Give additional time to difficult topics
- Balance learning with practice
- Revise before the examination
- Reduce last-minute stress

[BUTTON]

Create My Study Plan

[VISUAL DIRECTION — DO NOT DISPLAY]

Show a short weekly study plan with three clear actions per day:

Learn → Practise → Revise

Do not show a complicated calendar.

Progress and Improvement

[DEVELOPER NOTE — DO NOT DISPLAY]

Do not use “See Yourself Getting Better,” “Track,” or “Outcome” as labels.

Use the following visible content instead.

[WEBSITE HEADING]

See more than your marks. See how your learning is improving.

[WEBSITE COPY]

Classess.com® helps you understand your progress across learning, practice, revision, and examination preparation—not only through one final score.

[WEBSITE HEADING — SUBSECTION]

A clearer picture of your progress

[VISIBLE PROGRESS CARDS]

[CARD TITLE]

Concepts understood

[CARD COPY]

See which topics you can now explain, apply, and answer independently.

[CARD TITLE]

Learning gaps corrected

[CARD COPY]

Understand which weak areas have improved after revision and additional practice.

[CARD TITLE]

Practice consistency

[CARD COPY]

See how regularly you are learning and whether you are following your study plan.

[CARD TITLE]

Examination readiness

[CARD COPY]

Understand how much of the syllabus you have completed and where further preparation is required.

[WEBSITE HEADING — SUBSECTION]

Progress you can act on

[WEBSITE COPY]

Instead of simply showing a percentage, Classess.com® helps you understand what has improved and what still needs attention.

[EXAMPLE PROGRESS DISPLAY]

Previously: Needed support with application questions

Now: Improving through targeted practice

Next step: Complete one application challenge independently

[HIGHLIGHT LINE]

When progress becomes visible, the next step becomes clearer.

[BUTTON]

View Sample Progress Dashboard

[VISUAL DIRECTION — DO NOT DISPLAY]

Use a simple progress comparison rather than a large analytics screen.

Show:

- Before
- Current progress
- Recommended next action

Independent Learning

[WEBSITE HEADING]

Become more independent without being left unsupported.

[WEBSITE COPY]

Classess.com® gives you academic support when a teacher, tutor, or classroom is not immediately available.

The AI tutor can help you clarify a doubt, understand an explanation, work through a question, revise a topic, or decide what to study next.

[VISIBLE PRINCIPLE]

AI that helps you think—not avoid thinking.

[WEBSITE COPY]

The purpose is not to replace teachers. It is to ensure that your learning does not stop between classes.

[VISIBLE BENEFIT POINTS]

- Ask academic questions at any time
- Receive explanations suited to your level
- Work through difficult questions step by step
- Review assignments and completed topics
- Receive guidance on the next learning action
- Build stronger self-study habits

[BUTTON]

Meet Your AI Learning Companion

[VISUAL DIRECTION — DO NOT DISPLAY]

Show a short conversation between the student and Vidya.

The AI should guide the student with a question or hint rather than immediately displaying the final answer.

Final Call to Action

[WEBSITE HEADING]

Your next learning step should never be unclear.

[WEBSITE COPY]

Know what to learn. Understand difficult concepts. Practise with purpose. Correct your learning gaps. Prepare confidently for examinations.

[PRIMARY BUTTON]

Start Learning Free

[SECONDARY BUTTON]

Watch Student Tutorial

[CLOSING LINE]

Your learning. Your pace. A clearer path forward.

Frequently Asked Questions

[DEVELOPER NOTE — DO NOT DISPLAY]

Place this section below the final call to action.

Use an accordion design. Show six questions initially. Additional questions can appear after selecting “View More Questions.”

[WEBSITE HEADING]

Frequently Asked Questions

[FAQ QUESTION]

Can I use Classess.com® without my school or college?

[FAQ ANSWER]

Yes. You can create an independent student account and begin using Classess.com® even if your school, college, tutor, or coaching institution is not connected to the platform.

[FAQ QUESTION]

How does Classess.com® personalise my learning?

[FAQ ANSWER]

The platform considers your academic level, course, subjects, syllabus, learning progress, assessment performance, goals, and examination plans to recommend what you should learn, practise, or revise next.

[FAQ QUESTION]

Can I add my own subject or syllabus?

[FAQ ANSWER]

Yes. You can select an available subject or add information related to your course, syllabus, academic year, stream, or specialisation. You may also upload relevant learning material where supported.

[FAQ QUESTION]

Can Classess.com® help me prepare for examinations?

[FAQ ANSWER]

Yes. Add your examination date, subjects, syllabus, and available preparation time. The platform creates a personalised plan covering learning, practice, revision, weak-topic improvement, and self-testing.

[FAQ QUESTION]

Will the AI tutor simply give me the answers?

[FAQ ANSWER]

The AI tutor is designed to explain, guide, provide examples, ask questions, and support problem-solving. Its purpose is to strengthen understanding and independent thinking rather than encourage shortcuts.

[FAQ QUESTION]

How is this different from watching videos or searching online?

[FAQ ANSWER]

Videos and search results can provide information, but they do not always tell you what to learn next. Classess.com® connects content with practice, assessment, feedback, learning-gap identification, study planning, and progress tracking.

[HIDDEN FAQ — DISPLAY AFTER “VIEW MORE QUESTIONS”]

Does Classess.com® replace my teacher or tutor?

No. It provides additional academic support between classes. Teachers and tutors remain important for instruction, guidance, feedback, and student development.

[HIDDEN FAQ — DISPLAY AFTER “VIEW MORE QUESTIONS”]

Can I see how much progress I have made?

Yes. You can review topic completion, concept understanding, practice consistency, assessment performance, corrected learning gaps, study-plan progress, and examination readiness.

[HIDDEN FAQ — DISPLAY AFTER “VIEW MORE QUESTIONS”]

Can my parents view my progress?

Parent visibility may be available depending on the student’s age, account type, permissions, and platform settings.

[HIDDEN FAQ — DISPLAY AFTER “VIEW MORE QUESTIONS”]

Is my academic information secure?

Classess.com® is designed around responsible AI practices, secure data handling, role-based access, and appropriate privacy controls.
