Website Content and Media Placement Document

Document Purpose

[INTERNAL INSTRUCTION — DO NOT DISPLAY]

This document is intended for:

- Website developers
- UI/UX designers
- Frontend interns
- Content implementation teams
- SEO teams
- Media integration teams
- Product teams
- External development partners

It specifies:

1. Website content
2. Content hierarchy
3. Calls to action
4. Dynamic institution-type content
5. Media placement
6. Media reference IDs
7. Developer implementation requirements

All text written inside square brackets is an internal instruction and must not appear on the live website.

The final media assets will be delivered separately using the media IDs mentioned in this document.

Institution-Specific Navigation

[SECTION TYPE — DO NOT DISPLAY]

Display this navigation after the visitor selects:

I represent an Institution

[WEBSITE NAVIGATION]

Platform | Academic Intelligence | Implementation | Trust & Governance | Resources

[PRIMARY NAVIGATION BUTTON]

Request a Demo

[SECONDARY NAVIGATION LINK]

Sign In

[ROLE SWITCHER]

Student | Teacher | Institution

[DEVELOPER IMPLEMENTATION NOTE — DO NOT DISPLAY]

The role switcher must remain visible in the header.

When the visitor changes role, the navigation, homepage content, calls to action, and media must change.

Section 1: Institution Hero

[SECTION PURPOSE — DO NOT DISPLAY]

Communicate that Classess.com® helps institutions understand and improve academic performance—not merely manage records.

[WEBSITE HEADING]

See what is happening academically—and know what to improve next.

[WEBSITE COPY]

Classess.com® connects curriculum, teaching, assessment, student support, and leadership insights into one academic intelligence layer.

Whether you manage one institution, multiple campuses, an education initiative, or an entire district, Classess.com® helps turn academic activity into clearer decisions and measurable progress.

[PRIMARY BUTTON]

Request a Demo

[SECONDARY BUTTON]

Explore the Platform

[SUPPORTING LINE]

From academic activity to academic intelligence.

[MEDIA PLACEMENT — DO NOT DISPLAY]

Media ID: **INSTITUTION-HOME-M01**

Recommended media type: **Short looping institutional dashboard animation**

Alternative media type: **Static institutional overview image**

Placement: Right side of the hero section on desktop and below the copy on mobile.

The media should show a leadership dashboard with four clear areas:

- Teaching and curriculum progress
- Student learning visibility
- Assessments and learning gaps
- Recommended institutional priorities

The developer must create a responsive media container supporting:

- Video
- Poster image
- Static image fallback
- Reduced-motion version
- Mobile layout
- Play and pause controls where required

Do not show a crowded administrative ERP dashboard.

[DEVELOPER PLACEHOLDER TEXT — DO NOT DISPLAY]

Media INSTITUTION-HOME-M01 will be inserted here.

Section 2: Institution-Type Selector

[SECTION PURPOSE — DO NOT DISPLAY]

Allow visitors to identify the type of organisation they represent and immediately see a relevant value proposition.

[WEBSITE HEADING]

Built for different education systems. Connected by one academic purpose.

[WEBSITE COPY]

Select the type of organisation you represent to see how Classess.com® can support your academic goals.

[DYNAMIC SELECTOR LABEL]

I represent:

[DYNAMIC SELECTOR OPTION 1]

An Independent Institution

[DYNAMIC SELECTOR OPTION 1 COPY]

Strengthen planning, teaching, assessment, student support, and leadership visibility within one school, college, university, coaching centre, or training institution.

[DYNAMIC SELECTOR OPTION 2]

An Education Group

[DYNAMIC SELECTOR OPTION 2 COPY]

Create academic consistency across campuses while allowing each institution to retain its curriculum, terminology, policies, and local requirements.

[DYNAMIC SELECTOR OPTION 3]

An NGO or CSR Initiative

[DYNAMIC SELECTOR OPTION 3 COPY]

Plan, deliver, monitor, and report education programmes across schools, communities, cohorts, and implementation partners.

[DYNAMIC SELECTOR OPTION 4]

A District or Education Network

[DYNAMIC SELECTOR OPTION 4 COPY]

Gain system-level visibility across institutions while supporting local leadership, teachers, and students with relevant academic interventions.

[DEVELOPER IMPLEMENTATION NOTE — DO NOT DISPLAY]

Use selectable tabs or cards.

When the visitor selects an institution type, change the supporting copy and the preview shown in Media INSTITUTION-HOME-M02.

Store the selected institution type temporarily so that later calls to action and forms can be prefilled.

[MEDIA PLACEMENT — DO NOT DISPLAY]

Media ID: **INSTITUTION-HOME-M02**

Recommended media type: **Dynamic organisation-type visual**

Alternative media type: **Four responsive institutional illustrations**

Placement: Below or beside the organisation-type selector.

The media must change according to the selected type:

- Independent institution: Single campus academic overview
- Education group: Multi-campus overview
- NGO/CSR: Programme and beneficiary overview
- District: Multi-institution system overview

[DEVELOPER PLACEHOLDER TEXT — DO NOT DISPLAY]

Media INSTITUTION-HOME-M02 will be inserted here.

Section 3: Connected Academic System

[SECTION PURPOSE — DO NOT DISPLAY]

Explain the central institutional outcome: disconnected academic activities become one connected system.

[WEBSITE HEADING]

Connect the complete academic journey.

[WEBSITE COPY]

Lesson plans, classroom activities, assignments, assessments, feedback, student performance, and interventions should not remain disconnected.

Classess.com® connects these academic relationships so institutions can understand not only what has been completed, but what students are learning and where improvement is required.

[VISIBLE ACADEMIC JOURNEY]

Curriculum → Learning Outcomes → Planning → Teaching → Assessment → Feedback → Learning Gaps → Intervention → Progress

[CONTENT CARD 1 TITLE]

Create academic alignment

[CONTENT CARD 1 COPY]

Connect curriculum expectations with classroom planning, activities, assessment, feedback, and student support.

[CONTENT CARD 2 TITLE]

Improve academic visibility

[CONTENT CARD 2 COPY]

Give leaders a clearer view of curriculum progress, learning evidence, student needs, and intervention status.

[CONTENT CARD 3 TITLE]

Support continuous improvement

[CONTENT CARD 3 COPY]

Use academic evidence to improve teaching practices, assessment quality, student support, and institutional decisions.

[HIGHLIGHT LINE]

Most platforms store academic information. Classess.com® helps institutions understand how that information is connected.

[MEDIA PLACEMENT — DO NOT DISPLAY]

Media ID: **INSTITUTION-HOME-M03**

Recommended media type: **Scroll-based academic journey animation**

Alternative media type: **Connected academic ontology illustration**

Placement: Between the introductory copy and the three outcome cards.

Desktop layout: Horizontal connected pathway.

Mobile layout: Vertical pathway.

The developer must keep the text visible even if the animation does not load.

[DEVELOPER PLACEHOLDER TEXT — DO NOT DISPLAY]

Media INSTITUTION-HOME-M03 will be inserted here.

Section 4: Teacher Capacity and Academic Consistency

[SECTION PURPOSE — DO NOT DISPLAY]

Show how the platform helps institutions improve teacher support and academic quality without reducing teacher autonomy.

[WEBSITE HEADING]

Give every teacher better academic support.

[WEBSITE COPY]

Institutional improvement depends on the quality and consistency of everyday teaching.

Classess.com® helps teachers plan, create, assess, provide feedback, identify student needs, and take corrective action—while institutional leaders gain visibility without interfering in every classroom decision.

[CONTENT CARD 1 TITLE]

Reduce repetitive work

[CONTENT CARD 1 COPY]

Help teachers spend less time preparing routine academic material, organising assessments, and compiling reports.

[CONTENT CARD 2 TITLE]

Strengthen teaching quality

[CONTENT CARD 2 COPY]

Support curriculum-aligned planning, meaningful classroom activities, appropriate assessments, and actionable feedback.

[CONTENT CARD 3 TITLE]

Build consistency without rigidity

[CONTENT CARD 3 COPY]

Maintain shared academic expectations while allowing teachers and campuses to adapt according to student and local needs.

[WEBSITE COPY]

AI-supported content remains reviewable and editable. Teachers maintain professional judgement and approval before material reaches students.

[HIGHLIGHT LINE]

Better systems should support teachers—not control them.

[BUTTON]

Explore Teacher Enablement

[MEDIA PLACEMENT — DO NOT DISPLAY]

Media ID: **INSTITUTION-HOME-M04**

Recommended media type: **Teacher-support and approval workflow animation**

Alternative media type: **Three-panel institutional teaching visual**

Placement: Beside the section content.

The media should show:

1. Institutional academic framework
2. Teacher receives an aligned draft
3. Teacher reviews and adapts it
4. Classroom activity takes place
5. Learning evidence returns to the system

[DEVELOPER PLACEHOLDER TEXT — DO NOT DISPLAY]

Media INSTITUTION-HOME-M04 will be inserted here.

Section 5: Student Learning and Intervention

[SECTION PURPOSE — DO NOT DISPLAY]

Show how institutions move from broad reports to earlier, targeted student support.

[WEBSITE HEADING]

Identify who needs support before they fall further behind.

[WEBSITE COPY]

Classess.com® brings together learning, practice, assessment, participation, and feedback evidence to help institutions recognise where support is needed.

Leaders and teachers can understand patterns across a student, class, subject, grade, campus, programme, or district.

[VISIBLE INSIGHT AREAS]

- Students who have not attempted assigned work
- Students who attempted but continue to struggle
- Repeated misconceptions
- Common subject or skill gaps
- Declining participation or consistency
- Students who improved after intervention
- Students ready for extension or advanced learning

[WEBSITE SUBHEADING]

Turn insight into coordinated action.

[WEBSITE COPY]

Classess.com® helps institutions move from identifying a problem to planning, assigning, and reviewing an appropriate intervention.

[VISIBLE INTERVENTION JOURNEY]

Identify → Understand → Assign Support → Monitor → Reassess → Improve

[HIGHLIGHT LINE]

Leave no learner behind.

[BUTTON]

Explore Student Support

[MEDIA PLACEMENT — DO NOT DISPLAY]

Media ID: **INSTITUTION-HOME-M05**

Recommended media type: **Learning-gap-to-intervention animation**

Alternative media type: **Institutional student-support dashboard preview**

Placement: Beside or below the intervention journey.

The media should demonstrate:

- A learning pattern being identified
- The affected student group
- The likely academic cause

- The recommended support
- The assigned responsibility
- The follow-up status
- Improvement after reassessment

Do not use negative fixed labels for students.

[DEVELOPER PLACEHOLDER TEXT — DO NOT DISPLAY]

Media INSTITUTION-HOME-M05 will be inserted here.

Section 6: Outcomes for Different Institution Types

[SECTION PURPOSE — DO NOT DISPLAY]

Show specific outcomes for an independent institution, education group, NGO/CSR initiative, and district.

[WEBSITE HEADING]

The right visibility for every level of leadership.

[DEVELOPER IMPLEMENTATION NOTE — DO NOT DISPLAY]

The content displayed in this section should change according to the organisation type selected in Section 2.

If no selection is available, display all four cards.

[DYNAMIC CONTENT — INDEPENDENT INSTITUTION]

For an Independent Institution

[VISIBLE OUTCOME POINTS]

- Connect academic planning, teaching, assessment, and student support
 - Give principals and academic leaders clearer daily visibility
 - Help teachers reduce repetitive academic work
 - Identify learning gaps earlier
 - Improve parent communication with meaningful academic information
 - Build a consistent academic system without replacing every existing tool
-

[DYNAMIC CONTENT — EDUCATION GROUP]

For an Education Group

[VISIBLE OUTCOME POINTS]

- Compare academic progress across campuses without reducing everything to rankings
 - Establish shared academic standards and quality expectations
 - Allow campus-level adaptation and local autonomy
 - Identify campuses requiring support
 - Share effective practices across institutions
 - View group-level and campus-level academic performance
 - Expand institutional knowledge across the network
-

[DYNAMIC CONTENT — NGO OR CSR]

For an NGO or CSR Education Initiative

[VISIBLE OUTCOME POINTS]

- Structure educational programmes around clear learning goals
- Monitor implementation across locations and partners
- Track student participation, progress, and learning gaps
- Identify programmes or locations requiring additional support
- Provide transparent outcome reporting to stakeholders
- Support field teams, facilitators, teachers, and programme managers
- Build evidence for programme improvement and responsible funding decisions

[VISIBLE SUPPORTING LINE]

Move from activity reporting to learning-impact visibility.

[DYNAMIC CONTENT — DISTRICT OR EDUCATION NETWORK]

For a District or Education Network

[VISIBLE OUTCOME POINTS]

- View academic patterns across schools, grades, subjects, and communities
- Identify institutions requiring targeted support
- Support curriculum implementation and assessment quality
- Monitor intervention progress across schools
- Provide relevant visibility to district, cluster, and school leaders
- Share resources and effective academic practices
- Make policy and resource decisions using stronger learning evidence

[VISIBLE SUPPORTING LINE]

System-level visibility with school-level relevance.

[MEDIA PLACEMENT — DO NOT DISPLAY]

Media ID: **INSTITUTION-HOME-M06**

Recommended media type: **Dynamic leadership dashboard demonstration**

Alternative media type: **Four organisation-specific dashboard images**

Placement: Beside or below the dynamic content.

The media must change according to the organisation type selected in Section 2.

[DEVELOPER PLACEHOLDER TEXT — DO NOT DISPLAY]

Media INSTITUTION-HOME-M06 will be inserted here.

Section 7: Integration and Implementation

[SECTION PURPOSE — DO NOT DISPLAY]

Show that Classess.com® can work with existing institutional systems and can be introduced in phases.

[WEBSITE HEADING]

Make what already exists smarter.

[WEBSITE COPY]

Institutions should not need to replace every existing system before they can benefit from academic intelligence.

Classess.com® can operate independently or connect with existing academic and institutional platforms where suitable integrations are available.

[VISIBLE INTEGRATION AREAS]

- Student Information Systems
- ERP platforms
- Learning Management Systems

- Google Classroom
- Microsoft Teams
- Assessment platforms
- Timetable and attendance systems
- Content platforms
- Existing institutional databases

[WEBSITE SUBHEADING]

Begin with what matters most.

[WEBSITE COPY]

Implementation can begin with one institution, campus, grade, subject, department, programme, or district cluster and expand according to adoption, readiness, and outcomes.

[VISIBLE IMPLEMENTATION JOURNEY]

Discover → Configure → Integrate → Train → Launch → Review → Scale

[HIGHLIGHT LINE]

Built for real institutions—not perfect systems.

[BUTTON]

Explore Implementation

[MEDIA PLACEMENT — DO NOT DISPLAY]

Media ID: **INSTITUTION-HOME-M07**

Recommended media type: **Phased implementation and integration animation**

Alternative media type: **System integration diagram**

Placement: Between the integration list and implementation journey.

The media should show Classess.com® connecting with existing platforms and then expanding in phases.

Avoid displaying unsupported integration logos without permission.

[DEVELOPER PLACEHOLDER TEXT — DO NOT DISPLAY]

Media INSTITUTION-HOME-M07 will be inserted here.

Section 8: Trust, Privacy, and Governance

[SECTION PURPOSE — DO NOT DISPLAY]

Build confidence among institution leaders, NGOs, CSR teams, government bodies, parents, and communities.

[WEBSITE HEADING]

Academic intelligence should not come at the cost of student privacy.

[WEBSITE COPY]

Responsible AI adoption requires more than advanced features. It requires clear governance, appropriate access, human oversight, data protection, and institutional accountability.

[VISIBLE GOVERNANCE PRINCIPLES]

- Role-based access and permissions
- Teacher and institutional approval workflows
- Consent and age-appropriate controls
- Data minimisation
- Secure academic data handling
- Audit trails and activity visibility
- Anonymisation where appropriate
- Defined escalation and safeguarding processes
- Clear human responsibility for important decisions

[WEBSITE COPY]

Raw student data should not reach an external AI model without appropriate protection, governance, and institutional control.

[HIGHLIGHT LINE]

Trust is not a separate feature. It is part of the platform architecture.

[BUTTON]

Explore Trust & Governance

[MEDIA PLACEMENT — DO NOT DISPLAY]

Media ID: **INSTITUTION-HOME-M08**

Recommended media type: **Governance-layer animation**

Alternative media type: **Privacy and control architecture illustration**

Placement: Beside the section content.

The media should show:

- Institutional data
- Privacy and anonymisation layer
- Controlled AI processing
- Teacher or leader review
- Approved academic action
- Audit record

[DEVELOPER PLACEHOLDER TEXT — DO NOT DISPLAY]

Media INSTITUTION-HOME-M08 will be inserted here.

Section 9: Final Call to Action

[SECTION PURPOSE — DO NOT DISPLAY]

Conclude with an invitation suitable for all institution types.

[WEBSITE HEADING]

Build a clearer, more connected academic system.

[WEBSITE COPY]

Support teachers. Understand student learning. Strengthen academic decisions. Improve coordination across institutions, programmes, campuses, or districts.

[PRIMARY BUTTON]

Request a Demo

[SECONDARY BUTTON]

Speak with Our Academic Team

[CLOSING LINE]

Basic platforms help institutions run. Classess.com® helps institutions improve.

[MEDIA PLACEMENT — DO NOT DISPLAY]

Media ID: **INSTITUTION-HOME-M09**

Recommended media type: **Subtle branded institutional animation**

Alternative media type: **Static connected-education illustration**

Placement: Background or side element within the final call-to-action area.

The visual must remain subtle and must not reduce the visibility of the heading or buttons.

[DEVELOPER PLACEHOLDER TEXT — DO NOT DISPLAY]

Media INSTITUTION-HOME-M09 will be inserted here.

Section 10: Frequently Asked Questions

[SECTION PURPOSE — DO NOT DISPLAY]

Answer common institutional questions after the final call to action.

[WEBSITE HEADING]

Frequently Asked Questions

[DEVELOPER IMPLEMENTATION NOTE — DO NOT DISPLAY]

Use an accordion layout.

Display six questions initially.

Additional questions should appear after the visitor selects:

View More Questions

No major media asset is required.

[FAQ QUESTION]

Can Classess.com® be used by one independent institution?

[FAQ ANSWER]

Yes. A school, college, university, coaching centre, or training institution can use Classess.com® independently to support planning, teaching, assessment, student learning, academic leadership, and institutional improvement.

[FAQ QUESTION]

Can an education group manage multiple campuses?

[FAQ ANSWER]

Yes. Classess.com® can support group-level visibility while allowing each campus to maintain its own structure, curriculum, terminology, policies, and local academic requirements.

[FAQ QUESTION]

Can NGOs and CSR programmes use Classess.com®?

[FAQ ANSWER]

Yes. NGOs and CSR-led initiatives can use the platform to structure education programmes, support implementation teams, monitor participation and learning progress, identify support needs, and prepare clearer programme-impact reports.

[FAQ QUESTION]

Can it support a district or education network?

[FAQ ANSWER]

Yes. Districts and education networks can use Classess.com® to view academic patterns across institutions, support school leaders and teachers, monitor programme implementation, identify institutions requiring help, and review intervention progress.

[FAQ QUESTION]

Do we need to replace our existing ERP or LMS?

[FAQ ANSWER]

Not necessarily. Classess.com® can operate independently or work as an academic intelligence layer alongside existing systems, subject to the availability and suitability of integrations.

[FAQ QUESTION]

Can the platform be configured according to our curriculum and policies?

[FAQ ANSWER]

Yes. Classess.com® can be structured around the institution's curriculum, terminology, hierarchy, academic workflows, assessment practices, policies, and reporting requirements.

[HIDDEN FAQ QUESTION]

Can we begin with a pilot?

[HIDDEN FAQ ANSWER]

Yes. Implementation can begin with a selected campus, department, grade, subject, programme, or district cluster before expanding based on readiness, adoption, and results.

[HIDDEN FAQ QUESTION]

How does Classess.com® support teachers?

[HIDDEN FAQ ANSWER]

It helps teachers plan, create academic resources, conduct assessments, review student work, provide feedback, identify learning gaps, and organise interventions while maintaining teacher approval and professional control.

[HIDDEN FAQ QUESTION]

Can leadership view data at different levels?

[HIDDEN FAQ ANSWER]

Yes. Access can be structured according to role. Depending on permissions, leaders may view information at student, class, subject, grade, institution, campus, programme, group, or district level.

[HIDDEN FAQ QUESTION]

How is student information protected?

[HIDDEN FAQ ANSWER]

Classess.com® is designed around role-based access, responsible AI practices, secure data handling, approval workflows, audit visibility, and appropriate privacy and governance controls.

[HIDDEN FAQ QUESTION]

Can Classess.com® provide reports for CSR or government programmes?

[HIDDEN FAQ ANSWER]

Yes. The platform can support programme reporting through participation, progress, learning-gap, intervention, and implementation evidence. Final reporting structures should be configured according to programme objectives and approved measurement frameworks.

General Developer Instructions

[INTERNAL INSTRUCTION — DO NOT DISPLAY]

1. Do not display any text written inside square brackets.
2. Use the word “Institution” in visitor-facing content.
3. Maintain all section numbers and full media IDs.
4. Create media placeholders before final assets are delivered.
5. Maintain the organisation type selected in Section 2 while the visitor remains on the website.
6. Prefill demo forms with the selected organisation type.
7. Do not permanently replace product media with unrelated stock images.
8. Every video must include a poster image.
9. Every animation must include a reduced-motion fallback.
10. Written content must remain visible if media fails to load.
11. Optimise all media for desktop, tablet, and mobile.
12. Lazy-load media below the first visible section.

13. Use only dummy institutional, teacher, and student information in product demonstrations.
14. Do not publish unsupported performance claims or fabricated impact numbers.
15. Do not use third-party logos without approval.
16. Do not embed important website copy permanently inside images.
17. All media must include alternative text.
18. Videos must not autoplay with sound.
19. Forms must clearly identify whether the visitor represents an independent institution, group, NGO/ CSR initiative, or district.
20. Maintain consistent media IDs across development, design, review, and deployment.
