Let's Build Better Learning Outcomes Together

Whether you are a student, teacher, school leader, education group, partner, or technology provider, our team is ready to understand your requirements and help you explore how Classess® can support your academic goals.

Classess® is an AI-native Academic Intelligence Platform designed to connect learning, teaching, assessment, analytics, and institutional decision-making through one intelligent ecosystem.

Get in Touch

For Students and Parents

Need help understanding the platform, creating an account, or accessing learning support?

Contact our support team for assistance.

For Teachers and Tutors

Interested in using Classess® for lesson planning, assessment, student support, tutoring, or learning analytics?

Speak with our academic solutions team.

For Schools and Education Groups

Looking to implement Classess® across a school, campus, group of institutions, or academic network?

Request a consultation or product demonstration.

For Partnerships

We welcome collaboration with:

- Academic and content partners
- Publishers
- Technology providers
- Education consultants
- Strategic growth partners
- Affiliate and referral partners

For Careers and Internships

Interested in joining our team or working on AI-native education products?
